HELIX JUMP

GAME DESIGN DOC

Game Analysis

Helix Jump is a fun-addicting 3D game can help you kill time, you can always open this game and have a good time. This is a lively jumping challenge game in which you have to help a ball fall to the bottom of a spiral maze. Jump Helix grabs the classic ball as the theme, jump forward in the rising spiral ladder.

Mission

In Helix Jump, you must guide a bouncing ball down a series of circular platforms by falling through the cracks. Avoid the spikes and obstacles on your way down!
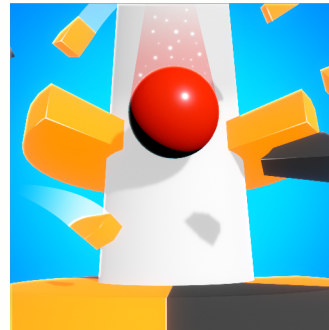

Genre

Action, puzzle, casual

Platforms

Android, iOS

Target Audience

People in a hurry, casual gamers

Control Scheme

Use finger drag to rotate the cylinder, find gaps for the ball to fall through and finally reach the bottom of the labyrinth.

Gameplay

To guide the bouncing ball, you must rotate the platforms to align the ball with the cracks. Do this in quick succession for a combo move and higher points. You should drop the ball between the blocks connected to a long pipe. Avoid darker blocks on the maze edges in the maze, if the ball touches the game the game ends and you have to start over. The points you earn can be used to unlock attractive new skins for the levels and your ball.

Level Design

The ball is dropping between the blocks connected to a long pipe. Rotating the pipe allows the ball to reach the bottom of the labyrinth.
